

## Conference Sponsorship proposal

The Organizing Committee cordially invites you to participate in the Third International Conference CATALYSIS FOR RENEWABLE SOURCES: FUEL, ENERGY, CHEMICALS and support it as a Sponsor.

The previous CRS conferences were held in St. Petersburg, Russia in 2010 and in Lund, Sweden in 2013. The event has attracted quite a number of experts in the field of catalytic processing of renewable sources. The conferences have brought together the specialists from academic circles and famous companies from over the world. The current conference is traditionally devoted to the fundamental aspects and practical application of the mentioned processes, as well as to the development of novel technologies.

Along with public recognition, your sponsorship will get an excellent opportunity to present your company, get in touch with a highly targeted audience of consumers, and lobby your interests to a wide range of the participants from different regions of the world.

We offer a variety of sponsorship opportunities suitable for large as well as small organizations. Depending on the level of sponsorship, a sponsor will receive the mentioned below benefits.

### Sponsorship Levels
